- **Lawrence, C.S., Cassells, G., How, S. and Bird, C. 2006.** The effect of size grading of juveniles and refuge density upon marron (*Cherax tenuimanus* Smith) production in commercial ponds. *Freshwater Crayfish* 15. 69-78. ISBN 978-0-9581424-6-5
- **Lawrence, C.S., Morrissy, N.M., Williams, I.H and Vercoe P.E., 2006.** Harvesting freshwater crayfish (*Cherax albidus*) by trapping contributes to high densities and stunted animals - A preliminary population model. *Freshwater Crayfish* 15;56-62.
- **Lawrence, C.S. 2007.** Improved performance of marron using genetic and pond management strategies. Final Report FRDC Project 2000/215. Fisheries Research Contract Report No. 17. Department of Fisheries Western Australia. 177 p.

If you would like to read these or request a copy of any of the above publications please contact (see above) the Department of Fisheries research library. You can download this reading list as a PDF Document for use at the library.

The Marron Aquaculture in Western Australia - A Growers Manual is an extensive practical guide for anyone who is starting up or investing in a marron farm in Western Australia, and for existing marron growers who wish to expand their productivity. Much of the book will also be of interest to anyone who wishes to know more about marron in general , or is passionate about marron as a gourmet food.

It provides specific, useful and practical information for successfully growing marron in WA. The book finishes with a selection of marron recipes.

The authors include successful marron farmers, marron researchers and a marron wholesaler

You can purchase the Manual for Growers through PayPal using any major credit card or through a PayPal account. Your book will be posted to you as soon as payment is received. If you would like to bulk order copies of the book, please contact us for discounted rates.
